

Website Update Report

CONTENT CLEANUP & COPY UPDATE

This report documents all content changes applied to the Urban Innovations website based on five annotated screenshot PDFs provided by the client. All changes are surgical — no redesign, no new pages, no layout restructuring. The brand, CSS architecture, and all working functionality have been preserved throughout.

Prepared May 2026 · 5 Pages Updated · 17 Changes Applied

IMPORTANT NOTE — FAX NUMBER

The fax number (f. 403.288.7174) and contact details (address, phone) visible in the grey contact strip on each page are **embedded in PNG background images** — not in HTML text. They cannot be removed via HTML editing alone. Zero instances of fax text were found across all HTML files. Removal of the fax from those image assets requires a separate pass using an image editor (e.g. Photoshop, GIMP). This applies to the contact strip visible on: [about.html](#), [rent.html](#), [projects.html](#), and [contact.html](#).

Annotations show: Under Construction panel crossed out, Facebook strip crossed out, bullet link lists crossed out.

REMOVED

Under Construction panel — entire third column (`#pbm_box`, `#pbm_hdng`, `#pbm_icon`) deleted from `#main`.

BEFORE

```
<div id="pbm_box"> <h2> Under
Construction</h2> ... </div> <div
id="pbm_hdng"></div> <div
id="pbm_icon">...</div>
```

AFTER

Elements removed. CSS rules orphaned but harmless (no matching HTML elements remain). Background image fills the space.

REMOVED

Facebook / current projects update strip — entire `#update` div (containing `#facebk_mn` and `#pjct_mn`) removed from footer.

BEFORE

```
<div id="update"> <div id="facebk_mn">
<a href="facebook.com/...">  </div> <div
id="pjct_mn">...</div> </div>
```

AFTER

Entire block removed. Footer now starts directly with the email contact area.

SIMPLIFIED

Real Estate Redevelopment card — bullet link list replaced with single clean CTA link.

BEFORE

```
<ul class="mnlist"> <li><a
href="about.html">about us</a></li>
<li><a href="projects.html"> current
projects</a></li> </ul>
```

AFTER

```
<p class="cntnt"> <a href="about.html">
Learn About Redevelopment </a> </p>
```

SIMPLIFIED

Renting + Leasing card — two nested Residential/Commercial sub-lists replaced with single clean CTA link.

BEFORE

AFTER

```
<ul class="hdlist">
<li>Residential</li> <li
class="jjlist">properties list</li> <li
class="jjlist">application form</li>
</ul> <ul class="hdlist">
<li>Commercial</li> ... </ul>
```

```
<p class="cntnt"> <a href="rent.html">
Renting + Leasing Information </a> </p>
```

Annotations show: fax crossed out, Facebook icon crossed out. Email, address, phone, and application links retained.

REMOVED

Facebook icon (#cnctfcbk) removed from the contact body. The asterisk/chat-bubble contact icon (#cnctlk) and both application links are retained.

BEFORE

```
<div id="cnctfcbk"> <a  
href="facebook.com/...">  </a> </div>
```

AFTER

```
Block removed entirely. Contact icon  
(#cnctlk) kept. Application links  
kept.
```

IMAGE ASSET — ACTION REQUIRED

The fax number (f. 403.288.7174) crossed out in the annotation is embedded inside a PNG background image — not in HTML text. It cannot be removed via HTML editing. To complete this change, the image asset rendering the contact info strip will need to be edited in a graphics application (Photoshop, GIMP, or similar) to remove or paint out the fax line. The HTML file is otherwise clean.
